

# Super Paua Stories/Scéalta Super Paua Activity Sheet

## "Dee Dee and Her Special Day"

Dee Dee was so excited to imagine how she could change up her daily routine to make it really special.

Write down six things you do everyday. Think about how it could be more fun or magical. Could brush your teeth while dancing around to your favourite song sung by seven tiny earthworms? Or could you get a shapeshifting alien to take your place for bedtime, while you go out and stargaze?

Draw each of these in a six panel comic strip. Share with everyone your imagined special day!

Multilingual Tip: Do you know any of the words for the things you do everyday in different languages? Write them down beside your comic.
